

Friday Flyer

8th May 2020

Hello St David's school family,

I hope this message finds you all very well.

It has been another fantastic week of home learning - from science experiments, poetry and maths investigations to dance routines and the magical world of fairies! There really has been lots to celebrate with your learning. Thank you so much for all your fabulous work. We are so proud of you.

It goes without saying that we miss you all very much.

Please keep safe.

VE Day

The nation came together today to commemorate the 75th Anniversary of Victory In Europe Day (generally known as VE Day). This day (8th May) in 1945 marked the end of World War II in Europe. Many households have been making bunting, baking cakes, planning stay at home street parties and honouring the two minutes silence at 11am this morning, to help celebrate and remember the hero's.

Ruby's Star Learner

Reception: Ella is our star worker this week for her fantastic progress with her reading at home and the determination shown in each learning task she has been given.

Emerald's Star Learner

Year 1: Stuti for fantastic Maths investigations. It has been great to see Stuti explaining her maths work so clearly on her videos this week
Year 2: Marcus for great consistent times table practise everyday this week.

Sapphire's Star Learner

Year 3: Yaman's home learning work is always beautifully presented and to a very high standard. Yaman clearly spends a lot of time and care on his home learning and it is always a delight to receive his completed work.

Year 4: Laura has demonstrated she is a responsible and imaginative home learner again this week. She has completed all activities set and to a very high standard. Laura's imagination is magical, we enjoy listening to her amazing creative ideas.

Diamond's Star Learner

Year 5: Zara for her amazing accuracy within maths and for consistently using semi-colons within her fantastic extended writing. Well done Zara!

and **Sophie** for going above and beyond with this week's Green team task, producing a lovely diagram and sharing lots of photos of trees that she has looked at. Well done Sophie!

Year 6: Jessica for her incredible review of the Disneyland Paris theme park - Jess explained how the park is divided into several different areas and included a huge amount of research within her work. Well done Jess!

This week Diamond class have completed a real range of tasks including the geography of France, the five pillars of Islam within RE, World War 2-based fiction for reading comprehension and poetry writing to commemorate the 75th anniversary of VE day. Well done Diamonds - you are working extremely hard and I am delighted by your efforts on Seesaw!

Community Action Response: COVID 19

There are a lot of volunteers keen to help others during the shutdown. Volunteers are on hand to, for example, help with collecting medicine, shopping, dog walking, etc.

Full details of how Exeter City Council and Wellbeing Exeter are committed to working together to provide much needed help can be found via the following website:

<https://exeter.gov.uk/clean-safe-city/community-safety/coronavirus/exeter-community-wellbeing/>

The best way for parents to get help would be to follow the "Individuals requesting community support" link detailed on this page.

Our very own Mrs Thompson is secretary of the Bury Meadow Residents' Association who are co-ordinating volunteers to support any who need help in the area. If parents are more comfortable going through us to seek help, please feel free to direct them to Stephen Fisher (stephen@moorfish.com) or Ali Lucas (07792 996196) so that we can connect them up with volunteer support.
